Construction Service Maintenance Remodeling

Page 2

We pride ourselves on developing a working relationship with our customers in an effort to complete their projects. We have been in the construction industry for 42 years and have adjusted to the many changes the industry has gone through. We are capable of managing projects with excellent workmanship and quality management. Feel free to contact any of the above referenced general contractors.

We also have the ability to subcontract heating/air condition and mechanical services through contacts we have used, these subcontractors offer their services in the same manner as ourselves.

I hope this letter gives you incite on our firm and the type of work we are involved with. I would like to thank you in advance for the opportunity to be involved with your project and I look forward to working with you.

Please contact us if you need any additional information at (301)870-3700 or email tattick@chattick.com or Aaron Hill ahill@chattick.com

Sincerely

Harry C. Attick Jr (Tom) President
